

MIRKA

Sanding solutions

2020

valid until 28th February 2021

ICA Group in Civitanova Marche is very much at the forefront of the manufacture and marketing of special coatings for wood.

For decades, the group has been working to serve its client base through the manufacture of a range of **high-quality, highly reliable coatings**; the group's operations are strongly focused on the research and development of technical solutions that have what it takes to meet the ever-changing requirements of the market and the essential obligation to safeguard the environment.

Its products are able to meet the needs of all the existing sectors in the wood industry (from furniture to carpentry, from shipyards to outdoor structures, from window frames to garden furniture, from wooden flooring to musical instruments). The range also includes a line for glass, plastic materials, etc.

ICA Group products are distributed in Italy through 70 direct agents with decades of experience. Thanks to this accumulated knowledge, they understand the coatings sector inside out, and have a highly developed sense of what businesses in the sector actually require, thus enabling them to provide those clients with products and services that are always fully aligned with their needs. The group's Italian sales network encompasses branches, depots and specialist resellers. ICA Group distributes its products in 50 overseas markets through a plethora of branches, depots, distributors and specialist resellers.

ICA Group operates in compliance with **ISO 9001** (quality assurance system), **ISO 14001** (environmental management system) and **OHSAS 18001** (occupational health and safety management system) standards

KWH Mirka Ltd is one of the world's leading manufacturers of flexible abrasives and sanding systems.

Founded in Finland in 1943, the company has built its success on a strategy inspired by innovation and continuous improvement. Through constant research, it has developed revolutionary abrasive technologies and cutting-edge products such as dust-free sanding systems.

Over 95% of Mirka products are exported to more than 80 countries, through a network of 16 branches owned by the company and over 50 importers. **Mirka Italia** is committed to bringing the philosophy, the mission and the products of the parent company to the Italian market, with a team of expert technicians ready to offer all the necessary support in the treatment of surfaces.

Mirka has always been inspired by the highest quality standards.

It was the first company in the abrasive sector to obtain **ISO 9001** (quality assurance system), **OHSAS 18001** (occupational health and safety management system) and **ISO 14001** (environmental management system) certifications. These acknowledgments witness its great attention to total quality, the same that can be found in every abrasive.

Coating	Open
Color	Brownish
Grit	P60, P80, P100, P120, P150, P180, P240
Backing	Antistatic T-paper/F-paper

GoldFlex Soft

Bonding	Resin over resin
Grain	Aluminum oxide
Coating	Semi-open
Color	Gold
Grit	P150, P180, P220, P240, P280, P320, P400, P500, P600, P800, P1000
Backing	A-latex paper, PE foam

Hiflex

Bonding	Resin over resin/Progressive Bond™
Grain	Aluminum oxide
Coating	Semi-open
Color	Brownish
Grit	P40, P60, P80, P100, P120, P150, P180, P220
Backing	C-latex paper

Jepuflex Antistatic

Bonding	Resin over resin
Grain	Aluminum oxide/Silicon carbide
Coating	Closed
Color	Brownish
Grit	P40, P60, P80, P100, P120, P150, P180, P240
Backing	Antistatic T-paper/F-paper

Microstar®

Bonding	Resin over resin
Grain	Aluminum oxide
Coating	Semi-open
Color	White
Grit	P800, P1000, P1200, P1500, P2000, P2500
Backing	Polyester film

Mirlon Total™

Bonding	Resin
Grain	Aluminum oxide (VF)/Silicon carbide (UF,MF)
Coating	Three-dimensional Total Coating
Color	Red (VF)/Gray (UF)/Beige (MF)
Grit	VF 360, UF 1500, MF 2500
Backing	Non-woven

Novastar™

Bonding	Low-VOC resin
Grain	Ceramic/Aluminum oxide mix
Coating	Closed
Color	Transparent
Grit	P80, P120, P150, P180, P240, P320, P400, P500, P600
Backing	Polyester film

OSP®

Bonding	Resin over resin
Grain	Ceramic (1 - 2), Aluminum oxide (3 - 4)
Coating	Closed
Color	Gray
Grit	1 - 2 - 3 - 4
Backing	PA net

Polarstar® SR

Bonding	Resin
Grain	Aluminum oxide (SR3, SR5, SR7)
Coating	Defined mono-layer coating technology
Color	Lilac, Green, Yellow
Grit	3 micron (P5000), 5 micron (P3000), 7 micron (P2500)
Backing	Polyester film

Proflex

Bonding	Resin over resin
Grain	Aluminum oxide
Coating	Semi-open
Color	Gold
Grit	P80, P100, P120, P150, P180, P220, P240, P320, P400, P500, P600, P800
Backing	C-paper/B-paper

Ultimax

Bonding	Resin
Grain	Aluminum oxide
Coating	Closed with Selective Coating™
Color	Brown
Grit	P40, P60, P80, P100, P120, P150, P180, P240, P320
Backing	Antistatic F-paper
