COLOURS COLLECTION

THE SENSORIAL CHROMATIC
GARDEN

Research and innovation, experience and technique, technology and nature, and harmony and sensorial awareness. The right balance is required to make anything to work.

Our love of nature has given rise to the **BALANCE COLOURS COLLECTION**, the ICA chromatic garden of **finishes for interiors** where the senses engage with various **visual and tactile perceptions**.

NUANCES AND SPECIAL EFFECTS
THAT GENERATE STRENGTH AND HARMONY

RAINFOREST

MOODBOARD

RAINFOREST is one of the moodboards in the **BALANCE** Collection.

Inspired by the authentic shades of green, this palette powerfully expresses the strength of nature, its countless facets, and its untouched landscapes.

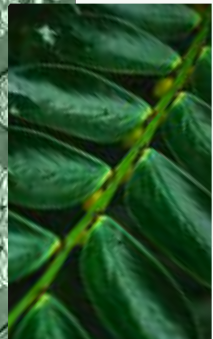

RAINFOREST

MOODBOARD

NATURAL TONES TEXTURES & SHADES

The wonders of the world have always inspired fascination and admiration for their beauty. For us at ICA, having the privilege and the opportunity to represent some of the most charismatic environments on Earth is a unique experience—one that fills us with pride.

RAINFOREST is the interior finishes moodboard where nature comes to life through the energy of an **intense and vibrant palette**. An image captured in a distant place, capable of bringing us back to a deeply lived experience, **in unexplored lands**.

Matter surfaces and **special effects** evoke the force of tropical rain, the delicacy of morning dew, the sound of wind moving through the leaves of towering trees that invite us to lift our gaze toward the sky.

An immersive dimension, where design interprets the silent grandeur of nature.

BIO FOCUS

A NATURAL CHROMATIC APPROACH THE BALANCE BETWEEN AESTHETICS & SUSTAINABILITY

RAINFOREST is the ICA moodboard where nature is expressed through natural tones and evocative textures, shaping a tangible commitment to a more sustainable future.

We have always supported our customers on a shared journey toward sustainability, offering technical consultancy, CO₂ saving calculation tools, co branded communication materials, and support in enhancing conscious choices.

This collaborative approach transforms every project into a concrete opportunity for responsible innovation.

The proposed finishes, water based and BIO, are not only an expression of beauty, but also of responsibility.

COLOURS & SPECIAL EFFECTS
COMBINE YOUR MOODBOARD

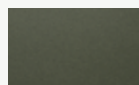

Different materials give life to special effects that echo the soul of the forest, through a continuous dialogue between colour and matter.

Rainforest is a vibrant moodboard, where attention is drawn both to detail and to atmosphere—shaped by tones and surfaces animated by depth, light, and sensory perception.
